Hi, Brandi – I appreciate you checking in to make sure this process doesn't stall. I had been waiting to hear back from Dat regarding any other changes to the inspection report, as well as the process we should follow for signing off on it. I was out Thurs and Fri and just got his message yesterday. He has no other changes to make to the report and does not have a process to recommend for providing dual signatures on it. My plan is to simply sign a hard copy of the report and send it to Dat, so he can also sign it for your files. I don't need a copy back, since R9 EPA is not requiring signatures on inspection reports at this time.

I'll try to get that out in the mail today. I had a draft transmittal letter to Mr. Armstrong pulled together weeks ago, but my supervisor was on vacation. I'll check in with him and make sure that gets out, too.

Thanks again,
Kristine

Hi Kristine-

Just following up to see if you need anything further from me? If so, please feel free to give me a call later this week. I'm typically in the office 8am-4pm – with a peppering of meetings.

Brandi

Hello, All –

In preparation for our meeting on Thursday, I have attached the Armstrong Egg Farms inspection report. I have not yet heard back from Dat or David - please let me know if you will be able to attend. (If I have the incorrect email address for David (see above), please let me know, and I'll resend it.

Thanks,
Kristine
